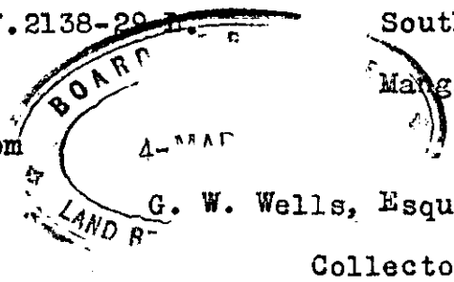
Ref.2138-29 [illegible] South Kanara Collector's Office,

Mangalore, Dated 27th February, 192



From

G. W. Wells, Esquire, M.A., I.C.S.,

Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue & Settlement,

Madras.

Sir,

Establishment - Temporary - Two Draftsmen -Retention for 1929-30 -Recommended.

The term of office of the two temporary Draftsmen whose retention was sanctioned in G.O.1647 Mis.dated 26-7-28 communicated with B.P.2487 Mis.dated 1-8-28, expires on 31-3-29. During the year ending on 31-1-29 they and the permanent Draftsman with the occasional cooperation of the Deputy Surveyor plotted 5637 sub-divisions and scrutinised 8306 sub-divisions finally and 2375 partially. The last number represents the sub-divisions scrutinised and returned to Revenue Inspectors for removal of defects. Hence they have been referred to as having been partially scrutinised. Considering the outturn expected of them 300 sub-divisions a month for each Draftsman the work done is adequate.

2. The balance of sub-division work connected with scrutiny and plotting on 1-2-29 was 7604 sub-divisions made up of 1501 pending in Inspecting Tahsildar's Office for scrutiny, 2375 with the Revenue Inspectors for removal of defects noticed in the scrutiny, and 3728 for plotting. These arrears have accumulated in spite of the fact that two temporary Draftsmen have been working since September, 1927. According to the out-turn referred to above the permanent Draftsman will require 12 to 13 months to dispose of the balance if he is to attend to it to the exclusion of equally important items of his duty, viz.,

plotting of the new fields in the maintenance set of village maps and scrutiny of errata files both of which are very heavy in this District. Further, the arrears while being reduced are reinforced by fresh sub-divisions being sanctioned. A statement showing the new sub-divisions sanctioned each month during the two years ending on 31st January 28 and 29 is enclosed. It will show that the influx of new sub-divisions is not only steady but also large. To attend single handed to 9000 sub-divisions will be an impossible task for the permanent Draftsman, which is heightened by the large arrears of the previous year. In short the work will be quite beyond one man's capacity. The retention of the two temporary Draftsman for 1929-30, is absolutely necessary in the interest of administration. I accordingly request that the Government may be addressed to sanction the retention of the two temporary Draftsmen as suggested above. A sum of Rs 840/- has been included ~~with~~ in the budget estimate for 1929-30 under "5A.L.R.-charges of District administration - Reserved -Taluk establishments" to meet the cost of retention.

Your obedient servant,

H Campbell

G. O. No. 638 Mis., dated the 26th March 1929.

Read the following papers:-
G.O.No. 619 , dated 21st March 1928
G.O.No. 1647 Revenue, dated 26th July 1928

From the Board of Revenue, Land Revenue and Settlement No.1005/29-1, dated 14th March 1929.

O R D E R :-

The Government are satisfied that the amount of work connected with the scrutiny of the Subdivision & sketches and the plotting of them in the Field Measurement Books continues to be such that the further retention of the two draftsmen sanctioned in G.O.No.1647 Mis. dated the 26th July 1928 is necessary. They accordingly sanction the retention of the two draftsmen for a further period of one year from 1st April 1929.

2. The cost of the establishment should be met from the provision already made in the Budget Estimate for 1929-30 under 5 a(ii) Land Revenue - Charges of Administration Taluk Establishments - Pay of establishments-Temporary"

Establishment. Temporary.

S. Kanara Dt. Two draftsmen

Retention.

G 1005/29 from the Collr. of S. Kan

As (Sett)

Please see the letter from the Collr. of S. Kanara requesting sanction for the retention of the two temporary draftsmen who were in his dist. during 1929-30 and it appears from the Collr's letter that the total nos. of subdivisions finally ~~completely~~ Scrutinised by the permanent and temporary draftsmen together during the year ending with June 1929 is 5306 besides 2375 subdivisions partially Scrutinised and returned to Rev Dept. for rectification of defects. Out of the subdivisions Scrutinised 5637 subdivisions have also been plotted during the year. At the rate of 300 subdivisions, fixed for a draftsman per month - 65 the under Scrutiny and plotting - the Combined outturn for 3 draftsmen including the permanent draftsman

works out to 10,800 subdivns during a year. But the actual outturn is short

however

done by them is adequate. Apparently the permanent draftsman was not able to do as much scrutiny and plotting as the a temporary draftsman on account of other items of work, which he had to attend to. It will be seen from the statement attached to the Govt's letter that the no. of subdivns pending scrutiny and plotting ~~and of the year~~ on 31.1.29 is 3876 and 3728 respectively. Besides the no. of subdivisions Panchmahals district during each of the years 1927 and 1928 is more than 9000. Considering these facts, it seems that there will be sufficient work for 3 draftsmen in the district. The Govts proposal for the retention of the 2 temp. draftsmen for another year may therefore be recommended to Govt. Necessary provn has been made in the budget for 1929-30.

The may first be sent to the D.L.R

Number of subdivns scrutinised + plotted ——— 5637
Number scrutinised — 2669
" partially scrutinised — 2375

The outturn is not up to the standard but much we can reasonably expect from the permanent draftsman who has also a lot of miscellaneous work

7/2/29.

2 As (sett) —

Please see the D.L.R's remarks above. Draft reply is submitted for approval.
